

REACHING THE FULL POTENTIAL OF EVERY CHILD

TO INFINITY AND BEYOND!

Dear Camp Family,

Another summer has come and gone. I am so proud of our campers and staff for their resilience through the struggles that Covid-19 has brought us over the last two summers. It has been a privilege seeing the growth in each camper over the last four weeks. Although our camp looked different this year, we were able to provide an in-person camp for 39 campers!

Over the last four weeks, our campers have had the opportunity to meet new friends, play adapted sports, and witness the wonders of real life animals. We were able to have on-site programming and go out into the community to explore. Thank you to our generous camp supporters, because of you, our children had the opportunity to participate in memorable and life-enriching activities!

Thank you to our counselors and group leaders for providing care for all of our campers and ensuring that our activities were modified to meet their needs.

A huge thank you to the therapy and nursing staff that knew the specific and unique therapeutic and medical needs of our campers to help prevent regression of skill between the school year. The administrative team worked hard to plan and create a safe environment for our campers that provided engaging activities. Without the camp staff, summer camp would not be what it is today.

Thank you to the families of our campers who put your trust in us each year. We love seeing your children enter our doors with smiling faces and hate to give that last goodbye when camp closes its doors for the summer. I look forward to another summer in 2022 and seeing all of you again!

Much love,

Rebecca McCarthy

WE ARE OUT OF THIS WORLD!

"Pattison's Summer Camp is always a blast. This was my fifth summer working camp and it keeps getting better. This year was tough with COVID, but I was so excited to interact with all the campers in person. Seeing their smiling faces year in and year out always makes it worth it for me. I look forward to working camp as long as they'll have me!"

- Dylan Carpenter, Lead Counselor

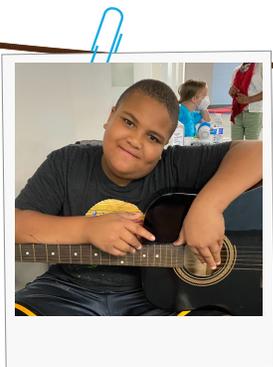

"KK is a social butterfly who loves her family. Camp is a way for her to be with others who are excited to see her and explore new things with her. She loves crafts, activities and field trips. Most of all, she loves the campers and counselors who love her so much. This was on full display the day after her adoption when we arrived to a huge banner and cheers from the entire camp staff (in the rain, no less). We are so very thankful for this experience and for those that make it possible."

- Sherry Taquette, Kinsley's Mother

"WOW...is the only word to describe Peyton's experience at summer camp. From the smiles on the staff that greeted us every morning, to the amazing activities and visitors, Peyton loved every moment. This summer exceeded our expectations as a special needs family who are new to SC. Kudos to all involved for making such wonderful experiences, memories and connections with Peyton."

- Kristen Dierickx, Peyton's Mother
